

PALAVAS-LES-FLOTS

SUSTAINABLE AND ECO-FRIENDLY TOURISM

During the holidays,
I keep my simple and efficient
eco-actions in mind.

I choose transports which do not pollute such as walking or cycling.

I walk on the paths and I do not pick the flowers in order to protect nature.

I discover the local heritage and try to meet the population.

I do my best to taste some local and traditional products.

I do not let the TV set in sleep mode and I always turn off the light when I leave a place. I take a shower rather than having a bath. I turn off the tap when I soap myself and when I brush my teeth.

On a walk or at the beach, I respect the safety and environment protection rules which are displayed.

OFFICE DE TOURISME
ECO-RAISONNABLE

I AM ECO-FRIENDLY AND I LET IT KNOW

Separate the rubbish for recycling because I know what can be done with it...

With plastic :

wool clothing, stuffed toys...

With paper :

books, booklets and other sheets...

With glass :

bottles, glassware, pearls...

I DO NOT THROW THINGS ON THE FLOOR NOR IN THE SAND:

There is always a bin close to you. Beach ashtrays are given to smokers by the municipality. They can be picked up at the tourist information office.

(Subject to open stocks)

I HAVE A LOT OF GOOD IDEAS :

Because sustainable and eco-friendly tourism is part of everyone, I do not hesitate to communicate my good ideas in the **'BOITE A IDEES'** of the tourist information office, at the 'Phare de la Méditerranée' or on

the website:
